Bachelor of Technology in Computer Science and Engineering

Geetanjali Institute of Technical Studies

08/2021 Udaipur, Rajasthan

LANGUAGES

English
Proficient

KEY ACHIEVEMENTS

Problem Solving and Web Development

Solved 350+ coding problems on coding platforms. Built scalable web applications.

Achievements

I built multiple full-stack and JavaScript-based projects demonstrating strong problem-solving, frontend, and backend development skills.

SKILLS

Gmail GitHub React Node.js

Express.js REST MongoDB

C/C++ Java JavaScript (ES6)

Python Data Structures OOP

HTML JavaScript SEO

Google Firebase AWS

Responsive Web MVC NoSQL

SQL Docker Git Postman

Visual Studio Code NPM Linux

Bash

PROJECTS

Personal Portfolio Website

📅 01/2024 - 12/2024

Portfolio website built using React.js to demonstrate skills and experience

- Designed and developed a fully responsive personal portfolio website to showcase projects, technical skills, and professional experience with smooth navigation and clean UI
- Implemented reusable React components, dynamic routing, and mobile-first responsive layouts using CSS3 media queries, ensuring a consistent user experience across all screen sizes and devices
- Optimized website for performance and SEO using semantic HTML5 structure, achieving faster load times and better search engine visibility
